

PARADON PADJUNTUK

WEB DEVELOPER

ABOUT ME

Three years of hands-on experience in web development, especially in modern JavaScript frameworks like Vue.js, Nuxt.js. Passionate about creating clean, maintainable code and exploring the intersection of AI and web technology. Now seeking an opportunity to grow further in a challenging tech-driven environment.

EXPERIENCE

2022 – Present

Web Developer, Decorear Media House Co., Ltd.

- Developed and maintained modern web applications using Vue.js, Nuxt.js, Next.js and Node.js.
- Designed and implemented RESTful APIs for frontend-backend integration.
- Integrated CMS (WordPress/Strapi) to streamline content management for marketing teams.
- Migrated legacy PHP projects to modern JavaScript stacks, improving performance by 35%.
- Collaborated with UI/UX designers using Figma and implemented responsive design with CSS.
- Managed domain and hosting services, including DNS configuration, SSL setup, and server integration for website deployment.
- Utilized Docker and Nginx for local development and deployment.
- Troubleshoot production bugs and deployed hotfixes using Git, GitHub, and CI/CD pipelines.
